Park Access	Park areas used for event will be closed for event setup, event day and teardown. The remainder of the park will still be open to the public	Majority of the park will be open to the public up until October 7 th where Grant Park in its entirety will be closed for required security sweep at 2pm through the end of the event on October 8 by 6pm.
Changes this Year	Date moved from June to May	None
Community Outreach	Alderman Brendan Reilly (42nd) and Sophia King (4th) Ward offices will receive the event notification details and the street closure application. The event organizer executes a 2 part plan (email then flyers) to notify the parking garages and residences in the area. There are street pole banners that notify the date and location of the event hung on street poles in the area beginning April 18th. There is a Traffic Advisory release on Chicago Media outlets 4 days prior to event date. Variable message boards are placed in 3 key intersections 2 days prior to the event listing the street closures and times	Partner with local nonprofit organizations throughout Chicago to identify volunteer opportunities such as neighborhood events, park clean-ups and youth program engagement, as well as potential donation opportunities (product, gear, etc.). Provide resources and speakers for local events. Conduct outreach to impacted Park Advisory Councils, sharing information about the event, its benefits, and impacts. For the Wards directly impacted by the course, more specific communications take place with the Aldermanic offices to review the community engagement and outreach plan.
