V. Explanation

The Department of Facility Management is responsible for repairing and maintaining Chicago Park District facilities districtwide and requires the services of companies that supply lumber and building materials and supplies to perform this responsibility, on an as needed basis year-round. Having these contracts in place allows the Department of Facility Management to meet operational needs at a fair and reasonable price while maintaining facilities that often have heavy use and require constant upkeep and maintenance. The awardee has submitted the lowest responsive and responsible bid for the applicable contract categories Section 1 and 2. JL Corp. d/b/a/ Harry's Lumber Corp also has the experience and capability to perform the services required in this contract.

The awardee did not submit a bid to provide materials for Section 3, and the second bid was deemed not responsive or compliant. Section 3 will not be awarded under this authority.

Therefore, it is in the best interest of the Chicago Park District to award JL Corp. d/b/a/ Harry's Lumber Corp. the contract for Sections 1 and 2, for the applicable categories, for the supply and delivery of Lumber and Building Materials and Supplies- districtwide.
