IV. Procurement Information

Pursuant to the “Local Government Professional Services Act”, 50 ILCS 510, the Department of Planning and Construction (“DPC”) selected Williams Architects from the Design and Engineering Service pre-qualified pool to receive a Request for Services (“RFS”) for this project. Upon receipt of their response to this RFS, DPC negotiated the terms for the project, including the scope of work and fee. DPC presented its recommendation to the Director of Purchasing who concurred with this award recommendation. Since the project value exceeds the \$200,000 project cap it is being presented to the Board of Commissioners for approval.

V. Explanation

The Chicago Park District is developing Chicago’s first dedicated indoor track and field facility to support athletic programs and host competitive events. The Park District proposes to construct a new state of the art indoor track and field facility that attracts the highest caliber of track and field competitions to Chicago.

The new 104,000 square-foot track and field facility will be designed to host championship level meets and will include: a 200-meter banked track with six lanes; a full range of track and field capability including long jump, high jump, a dedicated throwing cage, separate sprint lanes and a warm-up area. The facility will have a seating capacity of 3,500 with the opportunity for expansion during large competitions. The facility will be built to accommodate additional indoor sports such as volleyball and basketball. The facility will utilize the latest technology for energy-efficient and sustainable design to achieve LEED Certification.

This year-round high quality training and competition center will be a world class venue that will assist in revitalizing track and field in the Chicago area. The facility will have the ability to host national competitive events while also providing sports and recreation opportunities for youth and adults in Chicago. Williams Associates Architects, Ltd is a 41-year old design/architecture/engineering and planning firm that has built many sports and recreation facilities around the Chicago region as well as around the country. They have programmed or designed over \$2.6 billion in sports and recreation facilities nationwide. Some familiar Chicago-area facilities include the Skokie Skatium, the Centre of Elgin and the Glenview Park Center.
