This contract was publicly advertised as a target market Invitation for Bids ("IFB"). Five (5) bids were received on the due date and time, and were publicly opened and read aloud. One of the bids

was found by the Department of Purchasing ("Purchasing") to be non-responsive in all categories and one of the bids found to be non-responsive in a single category, and they were removed from consideration. Purchasing determined that the four (4) remaining bids were all compliant and responsive. The Department of Facility Management reviewed the bids of the apparent lowest responsive bidders and found them to be responsible. Accordingly, Smith Maintenance Co. is the lowest responsible and responsive bidder for Categories A, B, and D and Dust Em Clean is the lowest responsible and responsive bidder for Category C.

V. Explanation

The Department of Facility Management is responsible for the oversight of 12 comfort stations and three (3) beach houses for a total of 15 locations in the Central Lakefront Region and five (5) Special Use Facilities that require janitorial services. Each comfort station and special use facility has heavy use and requires prompt, constant, and consistent high quality service on a daily and monthly basis

for cleanliness and sanitation for patron use. In addition, the Department of Facility Management is in charge of maintaining the north and south region lakefront comfort stations. Having these contracts in place will allow Facility Management to expeditiously obtain both routine and emergency janitorial services for central region comfort stations, special use facilities, and beach houses, at a fair and reasonable price. Additionally, both Smith Maintenance Co. and Dust Em Clean Maintenance Company have the experience, capacity, and ability to provide the services required in this contract. Therefore, it is in the best interest of the Chicago Park District to award Smith Maintenance Co. and Dust Em Clean Maintenance Company, Inc. the contract for Janitorial Services at Central Region Comfort Stations, Special Use Facilities, and Beach Houses.
